Bullpen Bulletins

Stan's Soapbox

It's never easy to say goodbye to an old friend.

I'm referring of course, to amiable *Archie Goodwin*, who has given up his editing duties for Marvel's Epic line to take up residence with our cavortin' competitors.

Archie's career has been so varied and colorful that it wouldn't seem right to merely wave goodbye without recounting some of his past achievements.

When I first met him, he was editor in chief and featured writer for the *Creepy* and *Eerie* line of magazines. After that the gallivantin' Mr. Goodwin served a hitch at DC also in the capacity of editor and writer. Then, Marvel grabbed him up and the rest is history!

During his two decades at The House of Ideas (as I modestly refer to the blushin' bullpen), Archie wrote an assortment of almost all our top titles, such as FANTASTIC FOUR, SHIELD, IRON MAN, SPECTACULAR SPIDER-MAN—hey, you get the idea.

But, to continue our captivatin' chronology, Archie next became editor of one of my favorite projects, our trend-setting, experimental magazine, EPIC, which led to such blockbuster publications as GROO, ELFQUEST, THE INCAL, SILVER SURFER, AKIRA, etc., etc. Then, just before packing his bags, Mr. G also created our new SHADOWLINE series.

So, you can see why it is with such extreme reluctance that we now say "so long" to our talented friend who is one of the nicest guys in comics. All the best, Archie, and keep in touch!

Excelsior!

Stan

ITEM: Now that Stan has bid a fond adieu to Archie, you'll be pleased as punch to learn that his distinguished shoes are being filled by none other than that living Shadowmaster himself, *Carl Potts*. And while Carl slips into his Triple E position (Executive Editor of Epic), old-time Bullpenner *Danny Fingeroth* is returning to editorial duty by stepping into Carl's now vacant position of Marvel line editor. Good luck, guys!

ITEM: Not to toot our own horn too much, but Mighty Marvel did pretty well for itself in this year's *Comics Buyer's Guide* Fan Awards! THE UNCANNY X-MEN was voted in as Favorite Comic Book, while MARVEL AGE MAGAZINE became the fans' Favorite Publication About Comics for the very first year, edging out its trade journal competitors!

As if those two honors weren't enough, our fearless Marvel freelancers copped more than their fair share of CBG awards as well! Tumultuous *Todd McFarlane* of AMAZING SPIDER-MAN fame garnered both the Favorite Penciler and Favorite Cover Artist awards by wide margins. Clever *Chris Claremont*, X-MEN author extraordinaire, was picked as the fans' Favorite Writer, Gracious *Glynis Oliver* was their Favorite Colorist, Terrific *Terry Austin* was voted Favorite Inker, and Tough *Tom Orzechowski* garnered the Favorite Letterer award! Congrats to our award-winners, and thanks, fans! We love you, too!

To be fair, our Distinguished Competitors snatched up quite a few votes themselves, especially for that dark guy with the cape and pointy ears. Congratulations to all the winners. 'Nuff said.

Introducing two new hits that are going to make your Game Boy™ scream with fear and excitement.

In Castlevania-The Adventure™ from Konami,® you'll journey with Simon Belmont on his third—and possibly most terrifying—quest through a maze of torture chambers and vampire crypts.

While in Motocross Maniacs™ from Ultra,® you'll get down and dirty in an off-road road race where Nitro Turbo Boosts are the difference between popping wheelies and biting the dust.

So, all of you speed demons and daredevils, shift your courage into high gear and prepare to splatter your shiny new Game Boy with a little mud... and blood.
